# Play like your heroes

Liverpool Football Club is recognised around the world as one of an elite group of clubs with a true worldwide reputation. We pride ourselves in creating the best environment for the development of young players, both as footballers and as people.

We have a very special philosophy which is well known by our players, staff and fans, is recognised all over the world and sets us aside from other football clubs. The characteristics of 'Playing the Liverpool Way' were no more evident than during the 2005 Champions League final. Team spirit, hard work, determination and the ability to overcome any obstacles in life and above all play with dignity and fair play.... these are all the values and characteristics we look for in our players.

For the last 50 years the club has been at the forefront of British and European football, winning numerous championships and European club tournaments. During this time, there has been a consistent tradition of developing top class players, particularly from the Liverpool Academy; currently Steven Gerrard is the ultimate example of a home grown talent who ranks at the very top of the worldwide game.
